Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The substance of the interview was to clarify the rejection of claims 1 - 5. As to claims 1 - 3 and 5 the examiner clarified that as the current language as written, the order certifying means does not have to be performed by the requester. The attorney agreed to meet with the applicant to discuss amendments to claims 1 - 3 and 5 to read that the requester performs the order certifying means or that the order certifying means occurs before the order is sent to the fulfillment center. As to claim 4, it was agreed that as written, the order certifying means is performed by the requester and is therefore allowable over the cited prior art. .
